1 Installing Herwig-7

Download and install `Herwig` by running the script https://herwig.hepforge.org/herwig-bootstrap:
`wget -c '`https://herwig.hepforge.org/herwig-bootstrap`'`
`chmod +x './herwig-bootstrap'`
`'./herwig-bootstrap' './HerwigInstall'`
This will install `Herwig` to the location '`./HerwigInstall`' along with all of it's dependencies (`boost`, `fastjet`, `HepMC`, etc).
